Official Organ of the North Central Association of Colleges and Secondary Schools

THE NORTH CENTRAL ASSOCIATION QUARTERLY is published by the North Central Association of Colleges and Secondary Schools in July, October, January, and April. It is the official organ of the Association, and contains the proceedings of the annual meeting of the Association, together with much additional material directly related to the work of the Association. The regular subscription price is $4.00 a year. The July number is priced at $1.75; the others, $1.00 each. All members of the Association—institutional and individual—are entitled to receive the QUARTERLY as part of their annual fees. A special subscription price of $3.00 per year is permitted to school libraries, college libraries, and public libraries and to individuals connected with North Central Association membership institutions. Subscription orders may be sent to the Executive and Editorial Office.

PUBLICATION OFFICE: The George Banta Company, Inc., Menasha, Wisconsin.

EDITORIAL OFFICE: 4019 University High School Building, Ann Arbor, Michigan.

PRINTED IN THE U.S.A.

DUDLEY WYNN, Dean, College of Arts and Sciences, University of New Mexico, Albuquerque, New Mexico

Class of 1962

M. L. CUSHMAN, Dean, College of Education, University of North Dakota, Grand Forks, North Dakota

MARK W. DELZELL, Dean, School of Education, University of South Dakota, Vermillion, South Dakota

LESTER EMANS, Director of Teacher Education and Placement, Wisconsin State College, Eau Claire, Wisconsin

JACOB VAN EK, Dean of the College of Arts and Sciences, University of Colorado, Boulder, Colorado

SECONDARY SCHOOL MEMBERS

Class of 1960

LEONARD COX, Principal, Capitol Hill Senior High School, Oklahoma City, Oklahoma

ELI FEISTNER, Principal, Senior High School, Nebraska City, Nebraska

J. FRED MURPHY, Principal, Broad Ripple High School, Indianapolis, Indiana

NEAL M. WHERRY, Principal, Lawrence High School, Lawrence, Kansas

Class of 1961

R. B. ALLINGHAM, Principal, York Community High School, Elmhurst, Illinois

B. ROY DANIELS, Principal, Senior High School, Norman, Oklahoma

MAX KASLO, Assistant Principal, Glendale High School, Glendale, Arizona

HERBERT W. SCHOOLING, Superintendent of Schools, Wester Groves, Missouri

Class of 1962

ROGER BERRY, Principal, Davenport High School, Davenport, Iowa

C. L. FOX, Principal, Springfield High School, Springfield, Ohio

B. F. HILL, Stonewall Jackson High School, Charleston, West Virginia

ADOLPH ROISELAND, Principal, South St. Paul High School, South St. Paul, Minnesota

COMMITTEES OF THE COMMISSION

1. Steering Committee

J. FRED MURPHY, Principal, Broad Ripple High School, Indianapolis 20, Indiana (Chairman of the Commission)

HERBERT W. SCHOOLING, Superintendent of Schools, Webster Groves, Missouri (Vice Chairman of the Commission)

CLYDE VROMAN, Director of Admissions, University of Michigan, Ann Arbor, Michigan (Secretary of the Commission)

T. H. BROAD, Director of Curriculum, Oklahoma City Public Schools, Oklahoma City, Oklahoma

WALTER L. COOPER, Assistant Superintendent, J. Sterling Morton High School and Junior College, Cicero 50, Illinois

FRANK ENDICOTT, Director of Placement, Northwestern University, Evanston, Illinois

J. E. STONECIPHER, Director of Secondary Education, Des Moines Public Schools, Des Moines 9, Iowa

2. Committee on Teacher Education

T. H. BROAD, Director of Curriculum, Oklahoma City Public Schools, Oklahoma City, Oklahoma

a. Directing Committee

T. H. BROAD, Director of Curriculum, Oklahoma City Public Schools, Oklahoma City, Oklahoma (Chairman)

MILO BAIL, President, University of Omaha, Omaha, Nebraska

PAUL W. HARNLY, Assistant Superintendent in Charge of Secondary Education, Wichita Public Schools, Wichita 2, Kansas

JOHN HOLLENBACH, Vice President, Hope College, Holland, Michigan

E. F. POTTHOFF, Director, Bureau of Institutional Research, University of Illinois, Urbana, Illinois

(Representatives of Commission on Colleges and Universities to be appointed)

(Representatives of Commission on Secondary Schools to be appointed)

b. Subcommittee on Liberal Arts Education

JOHN HOLLENBACH, Vice President, Hope College, Holland, Michigan (Chairman)

W. D. BEMMELS, Dean, Ottawa University, Ottawa, Kansas

ELVA MCALLASTER, Greenville College, Greenville, Illinois

ARNOLD J. PETERSEN, Professor, St. Olaf College, Northfield, Minnesota

E. F. POTTHOFF, Director, Bureau of Institutional Research, University of Illinois, Urbana, Illinois

TERRY WICKHAM, President, Heidelberg College, Tiffin, Ohio

c. Subcommittee on In-Service Education of Teachers

PAUL W. HARNLY, Assistant Superintendent in Charge of Secondary Education, Wichita Public Schools, Wichita 2, Kansas (Chairman)
FRANK ENDICOTT, Director of Placement, Northwestern University, Evanston, Illinois
CHARLES W. SANFORD, Dean of Admissions, University of Illinois, Urbana, Illinois
NICHOLAS SCHREIBER, Principal, Ann Arbor High School, Ann Arbor, Michigan
W. FRED TOTTEN, 521 Mott Foundation Building, Mott Foundation Program, Flint 3, Michigan
RICHARD STAUFFER, Principal, Horton Watkins High School, City of Ladue, St. Louis, Missouri

d. Subcommittee on Institutions for Teacher Education

E. F. POTTHOFF, Director, Bureau of Institutional Research, University of Illinois, Urbana, Illinois (Chairman)
RICHARD BURKHARDT, Dean, Ball State Teachers College, Muncie, Indiana
GEORGE E. HILL, Professor of Education, Ohio University, Athens, Ohio
C. P. LURA, President, State Teachers College, Minot, North Dakota

e. Subcommittee on Teacher Education in Multipurpose Institutions

MILO BAIL, President, University of Omaha, Omaha 1, Nebraska (Chairman)
FRANK H. GORMAN, Dean, College of Education, University of Omaha, Omaha 1, Nebraska
HENRY G. HARMON, President, Drake University, Des Moines, Iowa
ANDREW HOLLEY, Dean, College of Education, Oklahoma State University, Stillwater, Oklahoma
KENNETH H. MCFALL, Provost, Bowling Green State University, Bowling Green, Ohio
E. T. MCSWAIN, Dean, School of Education, Northwestern University, Evanston, Illinois
L. G. TOWNSEND, Dean, College of Education, University of Missouri, Columbia, Missouri

f. Subcommittee on Student Teaching

PAUL T. DIXON, Director of Student Teaching, Kansas State Teachers College, Pittsburg, Kansas
R. STANLEY GEX, Dean of Teacher Education, Eastern Michigan College, Ypsilanti, Michigan
HELEN M. JONES, Supervisor of Secondary Education, Oklahoma City Public Schools, Oklahoma City, Oklahoma
H. W. SCHOOLING, Superintendent of Schools, Webster Groves, Missouri
BYRON L. WESTFALL, Professor of Education, Indiana State College, Terre Haute, Indiana

g. Subcommittee on Human Relations in the Classroom

F. C. ROSECRANCE, Dean, College of Education, Wayne State University, Detroit 2, Michigan (Chairman)
GEORGE F. BROCK, Principal, West Senior High School, Aurora, Illinois
ROBERT S. FOX, Director University School, University of Michigan, Ann Arbor, Michigan
RONALD LIPPITT, Professor of Psychology and Sociology, University of Michigan, Ann Arbor, Michigan
GILES THEILMANN, Director of Instruction and Curriculum, Public Schools, Topeka, Kansas
CATHERINE VAN VLECK, Girls' Counselor, Daniel Webster High School, Tulsa Oklahoma

3. Committee on Experimental Units

J. E. STONECIPHER, Director of Secondary Education, Des Moines Public Schools, Des Moines, Iowa
R. WILL BURNETT, Professor of Science Education, University of Illinois, Urbana, Illinois
WALTER L. COOPER, Assistant Superintendent, J. Sterling Morton High School and Junior College, Cicero 50, Illinois
A. J. DILLEHAY, Assistant Superintendent of Schools, Akron, Ohio
HAROLD P. FAWCETT, Professor of Education, Ohio State University, Columbus, Ohio
WALTER G. GINGERY, Professor, Knox College, Galesburg, Illinois
BRUCE GUILD, Superintendent of Schools, Iron Mountain, Michigan
JOHN HAEFNER, Professor of Social Studies Education and Head of Social Studies, University High School, State University of Iowa, Iowa City, Iowa
STELLA KERN, Chairman, Social Studies Department, Waller High School, Chicago, Illinois
NEAL WHERRY, Principal, Lawrence, High School, Lawrence, Kansas

a. Subcommittee on Publications on Foreign Affairs

BRUCE GUILD, Superintendent of Schools, Iron Mountain, Michigan (Chairman)
WALTER L. COOPER, Assistant Superintendent, J. Sterling Morton High School, Cicero 50, Illinois
A. J. DILLEHAY, Assistant Superintendent of Schools, Akron, Ohio
JOHN HAEFNER, Professor of Social Studies Education and Head of Social Studies, University High School, State University of Iowa, Iowa City, Iowa
STELLA KERN, Chairman, Social Studies Department, Waller High School, Chicago, Illinois
NEAL WHERRY, Principal, Lawrence High School, Lawrence, Kansas

4. Committee on Current Educational Problems

FRANK ENDICOTT, Director of Placement, Northwestern University, Evanston, Illinois

a. Subcommittee on Articulation of High Schools and Colleges

CLYDE VROMAN, Director of Admissions, University of Michigan, Ann Arbor, Michigan (Chairman)

RUSSELL BOLLINGER, Dean of Students, Manchester College, North Manchester, Indiana

LOWELL B. FISHER, Coordinator, University-School Articulation, University of Illinois, Urbana, Illinois

MAHLON A. POVENMIRE, Principal of High School, Lakewood, Ohio

HELENE WILSON, Dean of Girls, Thornton Township High School, Harvey, Illinois

b. Subcommittee on Guidance and Motivation of Superior and Talented Secondary School Students

CLYDE VROMAN, Director of Admissions, University of Michigan, Ann Arbor, Michigan (Chairman)

FRANK S. ENDICOTT, Director of Placement, Northwestern University, Evanston, Illinois

J. FRED MURPHY, Principal, Broad Ripple High School, Indianapolis, Indiana

c. Subcommittee on Television

DONALD G. EMERY, Dean of Adult Education, University of Omaha, Omaha 1, Nebraska (Chairman)

LESLIE BROWN, Dean of Administration, Cleveland College of Western Reserve University, Cleveland, Ohio

ROBERT L. FLEMING, Principal, South High School, Youngstown, Ohio

RICHARD B. HULL, Director WOSU, Ohio State University, Columbus, Ohio

LAWRENCE E. MCKUNE, Television Coordinator-Producer, Michigan State University, East Lansing, Michigan

WANDA MITCHELL, TV Coordinator, Evanston High School, Evanston, Illinois

d. Subcommittee on Junior College Problems

WILLIAM N. ATKINSON, President, Jackson Junior College, Jackson, Michigan (Chairman)

ISAAC BECKES, President, Vincennes University, Vincennes, Indiana

LESTER M. EMANS, Director of Teacher Education, Wisconsin State College, Eau Claire, Wisconsin

WILLIAM S. GOULD, Acting President, Graceland College, Lamoni, Iowa

PETER MASIKO, JR., Executive Dean, Chicago City Junior College, Chicago, Illinois

ELMER ROWLEY, Dean, Joliet Junior College, Joliet, Illinois

TILFORD T. SWEARINGEN, President, William Woods College, Fulton, Missouri

RAYMOND J. YOUNG, Associate Professor of Education, University of Illinois, Urbana, Illinois

e. Subcommittee on Guidance and Counseling Services

KENNETH LUND, Superintendent, Oak Park Township High School, Oak Park, Illinois (Chairman)
(other members to be chosen)

CHARLES W. BOARDMAN, *Secretary*

Report of the Secretary of the Association*

MR. PRESIDENT AND MEMBERS OF THE ASSOCIATION: There will be two parts to my participation in this meting. The first will be an attempt in some degree to report something about the activities of our Association, and the second will deal with very important actions upon business affairs of the Association.

The year 1958–1959, which we have just completed, has seen constant expansion of the activities of the Association. So large has this growth been that it is not possible to report it in a few minutes. Therefore I have attempted to develop instead some comments upon specific aspects of these activities.

This does not in any way intimate that those that are not mentioned are not equally important. It is a matter of choice. For the most part, what I have chosen are the research activities carried on by our Association, because they have very great bearing upon education in this country both at the college and at the secondary school level.

EXECUTIVE COMMITTEE

The Executive Committee has sponsored certain rather important enterprises, such as the establishment of the Long-Range Planning Committee. I reported briefly on that Committee last year. Its purpose is to consider the organization of the Association and to make proposals for improving it. One pertains to the size of the Executive Committee; another to a shift from paid to voluntary secretaries in the Association; and still another, to the possibility of establishing a central office—a headquarters—for the Association. Traditionally, the various offices of the Association have been scattered quite widely over North Central territory.

The feeling is that centralization of facilities would bring about greater coordination and better communication in the Association. Internal communication has been a very serious problem, and if at least the various secretaries were together in some central place it is felt that that problem could be partially solved.

The Long-Range Planning Committee is considering the foregoing proposals at length. Caution is being exercised to protect the best interests of the Association.

Another project authorized by the Executive Committee was the preparation of "Standards of Education," a film-strip story of the Association. This has been completed. If you were present at the General Session last night you saw it. It is designed to inform member schools and colleges and the public about the nature of the Association, its organization, its activities, and matters of that sort. Copies of this film-strip are available and will be given to state chairmen for use in their respective states. Individual purchases may be made through the office of the Treasurer of the Association at $5.00 a set.

COMMISSION ON COLLEGES AND UNIVERSITIES

The Commission on Colleges and Universities has done a number of things this year. For instance, it has inaugurated a program to aid nonaccredited colleges to move toward accreditation. Teams visit such colleges to assist them in evaluating themselves guided by standards of membership in the Association.

Then, too, there is the Leadership Training Project of this Commission. It

* As amended for publication. Mr. Boardman reported verbally.—EDITOR.

was inaugurated last year and has been highly successful. Its purpose is to train promising young men in constructive college administration, drawn from institutions which will later profit from such training.

This spring fifteen more young men have been selected. They will go through a program of college field experiences, seminars, and the like; in short, be trained in every way to participate in the development of their respective institutions.

The Commission also has developed a pattern for evaluating its own program and for reviewing member colleges and universities at ten-year intervals. Each institution will be visited by a team of Commissioners. The purpose of such a visit is to make a rough evaluation of the institution, the effectiveness with which it operates, and to provide learning experiences both for the Commissioners and for the local staff.

COMMISSION ON SECONDARY SCHOOLS

The Commission on Secondary Schools is continuing its revision of its Criteria and standings. This project has been in operation for two and a half years. Its purpose is to raise the minimum standards for membership, to establish criteria for measuring progress of schools seeking to improve, and to provide for better qualified teachers and administrators; finally, and very important, to reduce the obviously wide variability to applying criteria among the nineteen states of the Association. These states differ very widely and the State Committees have not uniformly applied the criteria in evaluating their schools. The Commission wishes to reach legitimate conformity without destroying such flexibility as is essential to effective operation at the state level.

Within the year, the Commission sent tentative criteria and standards to member schools for consideration. This really was a plebiscite, and the results were discussed by the Commission during the past three or four days. (I might add that they received, in general, a vote of from 85 to 98 percent in favor of each of the items. Six, however, were subjected to considerable argument and discussion this week.)

A final revision of the array has now been made and will be sent out again to the member schools for final vote. It is expected that the revised criteria will be presented at the Association meeting next spring for final discussion and adoption.

It should be noted that the Commission is primarily concerned with the development of greater leadership than just with accrediting itself. It is, as well, concerned with the development of an organized effort to promote better and more effective articulation between secondary schools and colleges and universities.

COMMISSION ON RESEARCH AND SERVICE

The Commission on Research and Service is, of course, the basic research agency of the Association. It has so many activities that I have had to be deliberately selective, because I could not report here all that it is doing. Those I touch upon will be mentioned in barest outline.

The Commission has been interested in a number of studies. Among these is a plan for closer cooperation between and an ultimate merger of two subcommittees, one on Institutions for Teacher Education and the other on Liberal Arts Education. Steps have been taken toward this end, but the merger has not come to fruition. It will, of course, come up again next year.

One of the larger projects of the Association has to do with the study of foreign relations in the secondary schools. About four years ago the Committee on Foreign Affairs of the Commission on Research and Service received a grant from the Ford Foundation to develop means for stimulating such study. One motivating purpose is the fact that published text books and materials regarding foreign affairs are always behind the times owing to the lag in getting them through the press. The purpose of the grant is to develop small bulletins which may be pub-

lished continuously in the effort to keep information up to date so that students can study foreign affairs as contemporary history.

The Commission set up its study in 1956 with thirty-two schools, enrolling about 5,000 pupils. It has expanded until this spring (April) 2,700 schools and 300,000 pupils are represented. They are not by any means confined to our territory, though the ones that are actually under research scrutiny are within the North Central area. In the South, in New England, in the West, in the Northwest, 1,300 schools are participating in this project. More than 100 teacher education institutions are active also.

To date, the Commission has released seven publications on various aspects of foreign relations with another to be released in May. Copies have been displayed during this week in the foyer outside this room. You may have examined them there. I think this project is an example of service to the schools of the nation, not only to those in the North Central Association.

A second major project is the study of the guidance and motivation of superior and talented students. It actually was initiated about a year ago, but it was put into operation last fall. The project was launched because there is evidence that a considerable proportion of higher-ability students do not continue beyond high school. If you are at all familiar with the statistics, you know that somewhere in the neighborhood of 50 percent of very bright children never go to college.

The purpose of this project is to aid the identification of superior students and to guide and motivate them so that they will perform at their approximate ability levels and will develop life plans and aspirations in accordance with these abilities.

May I be permitted a personal comment here. In all the years during which I was a high school principal, one of the things I did steadily was to try to see what we could do about these bright children in school, and every year I studied them in the senior class. I remember one fellow at Central High School in Minneapolis whom I called in. He was the brightest boy in the senior class, with an I.Q. of 160 by the best evidence that we could then obtain, but he had never made a mark above C, and he had more Ds than Cs.

I talked with him, and he said, "Well, I am going to turn over a new leaf when I get to the university."

"Jack," said I, "that is going to be very difficult. You have not acquired the essential abilities and attitudes for good school work."

He went to the University of Minnesota and was dropped for low scholarship at the end of the first semester.

One illustration proves nothing, but you could duplicate this over and over again.

After the initial announcement of the project, nearly 700 schools applied for acceptance. Of this number, 100 were selected so as to be representative of the high schools in the United States as nearly as the Committee could determine.

Introductory workshops for teachers were designed as an important feature of this project. Several of them were held last summer throughout the Association territory. This year special guidance and counseling has been provided for the students concerned, and efforts have been made to offer stimulating and challenging situations and educational experiences for them.

There is evidence that the participating schools have made rapid progress in integrating this program into the over-all program of the school. It has stimulated national interest. This interest is attested by articles in national magazines and educational publications, and the people in charge have been deluged with requests for visits, for reports, and for speeches at national gatherings.

In February, I attended the Western College Association as a fraternal delegate. As the name implies, no high schools are represented in its membership. I

spent two days listening to discussions of how best to serve superior students; but the Association has no uniform study under way.

As I have said, the North Central project seems to be proceeding very successfully. The funds provided by the Carnegie Foundation will not permit us to carry it on for more than two years; thus one year remains. It is evident that it cannot be fully carried to fruition within that period. It is our hope that funds will be found to extend the study until 1962.

This concludes my comments. I think we can be proud that we belong to an institution like the North Central Association. To the uninformed, when we come here too much time is seemingly spent on problems of accreditation. But they are not paramount. Actually, education, in the proper sense of that word, is our basic concern. We are providing strong leadership in the country at large through the various projects which have been, and now are, engaging the attention and resources of the Association.

Proceedings of the Commission on Colleges and Universities

I. REPORT OF THE COMMISSION

At the Annual Meeting in 1959 the Commission on Colleges and Universities again followed the practice initiated three years ago of having all members of the Commission meet as members of committees representing different types of institutions to consider the accrediting cases for the year, 1958–59. These meetings were held on Monday, April 20. The committees studied the reports of the accrediting teams, and conferred with the chairmen of the several teams and with representatives of the institutions. As has been true in the past, the reports of the examining teams had been sent to the institutions as well as to the Commissioners in advance of the Annual Meeting. This provides the institutional representatives with an opportunity to study the reports in advance of the meeting and to prepare whatever comments they may wish to make at the time of meeting with the committees of the Commission. The recommendations of the committees on the accrediting actions to be taken were submitted to the Executive Board of the Commission which met on Tuesday evening and Wednesday evening.

The open meeting of the Commission on Tuesday, April 21, was given to a consideration of the topic, "Institutional Self-Study." Norman Burns, Secretary of the Commission, opened the discussion with a description of the evolving philosophy of the Commission. John Forbes, Assistant Secretary of the Commission, presented a paper on the conduct of an institutional self-study. Floyd W. Reeves, Consultant to the President of Michigan State University and Chief Consultant to the Commission's Committee on Leadership Training and Studies, presented a paper on the role of the consultant in institutional self-study. Dr. Reeves' remarks were followed by comments by W. Boyd Alexander, Vice President and Dean of Faculty of Antioch College, William Conley, Educational Assistant to the President of Marquette University, and Peter Fraenkel, Assistant to the President of Indiana University.

Tuesday evening, April 21, the five District Committees of the Commission on Colleges and Universities met for dinner and to make nominations for membership on the Commission. These nominations were reported to the Nominating Committee of the Commission for its consideration in preparing a list of nominations to fill vacancies on the Commission.

The Commission met in executive session Wednesday morning, April 22, to act on the recommendations of the Committees by Type of Institution and the Executive Board relative to accrediting matters. The folowing actions were taken:

The Commission recommended that the following junior colleges be accredited:

Concordia College, St. Paul, Minnesota
Grand View College, Des Moines, Iowa
Milwaukee Institute of Technology, Milwaukee, Wisconsin

It also recommended that the following Bachelor's degree-granting institutions be accredited:

Alderson-Broaddus College, Philippi, West Virginia
Arkansas College, Batesville, Arkansas
Bethel College, St. Paul, Minnesota
Ferris Institute, Big Rapids, Michigan
Holy Family College, Manitowoc, Wisconsin
Madonna College, Livonia, Michigan
Shimer College, Mount Carroll, Illinois (this institution was formerly accredited as a junior college)
United States Air Force Academy, USAF Academy, Colorado

The Commission also recommended that the following institutions be ac-

credited as Master's degree-granting institutions:

East Central State College, Ada, Oklahoma
Northeastern State College, Tahlequah, Oklahoma
Northwest Missouri State College, Maryville, Missouri

(the above three Colleges were formerly accredited as Bachelor's degree-granting institutions)

Saint John College of Cleveland, Cleveland, Ohio

The Commission recommended no change in the accredited status of colleges and universities not mentioned in this report. This includes a number of member institutions whose programs were surveyed this year but whose accredited status was not changed as a result of the survey.

Following its executive session on Wednesday morning, the Commission met in open session. Donald M. Mackenzie, Associate Secretary of the Commission, presented a report on the membership review program. This is the recently inaugurated program under which teams of Commissioners periodically visit member colleges and universities of the Association. Dr. Mackenzie's remarks were followed by comments by Sister Honora, President of Marygrove College, James A. Jensen, Provost of Iowa State College, and Herbert E. Longenecker, Vice President of the Chicago Professional Colleges of the University of Illinois.

Robert F. Sullivan, Assistant to the Secretary of the Commission, reported on a study recently conducted of the extent to which programs for the gifted student are available in North Central Association colleges and universities.

At its Wednesday session, the Commission also adopted as its policy in intercollegiate athletics the following statement:

Institutions of higher education will be expected to conduct their intercollegiate athletic programs in a fashion consistent with the over all educational objectives on each campus. The North Central Association looks to the professional accrediting agencies for close and detailed examination of the professional fields. In a similar manner the North Central Association will look to the appropriate national and regional athletic associations and conferences for the detailed supervision of intercollegiate programs. However, the North Central Association does not abrogate its right to make any investigations of intercollegiate athletic policies or practices in higher institutions which it feels are necessary or desirable, and to take appropriate action as a consequence of its investigations.

The Executive Board of the Commission on Colleges and Universities at the 1959 Annual Meeting instructed the Secretary to make arrangements for a workshop to be attended by those who serve as examiners in accrediting cases. This committee, together with a committee authorized sometime ago, to study the role of the library in the instructional program, will be appointed in the near future.

II. LIST OF ACCREDITED INSTITUTIONS OF HIGHER EDUCATION

JULY 1, 1959

Explanation of dates.—The dates listed are dates of membership. The first accredited list was published in 1913; no institution was accredited prior to that time.

A dash connecting two dates indicates continuous accreditation during the period specified; e.g., 1915–1919 means continuous accreditation from 1915 to 1919 inclusive. A date followed by a dash indicates continuous accreditation to and including the current year. A semicolon indicates that the institution was on the list for the year or years specified but that it was not on the list for the following year, unless the next entry shows a change of classification for the latter years.

Designation of extent of program.—The symbol (M) or (D) after the name of an institution indicates that the institution offers a graduate program leading to the Master's or Doctor's degree, respectively, and that the accreditation of the institution includes its graduate work. Those institutions which are listed neither as junior colleges nor as having graduate programs are Bachelor's degree-granting institutions or institutions with graduate programs that have not yet been accredited.

Wyoming	0	0	0	1	1
Total	62	220	89	41	412

Accredited Higher Institutions Outside N.C.A. Territory

THE following are the latest lists of higher institutions accredited by regional agencies other than the North Central Association.

I. MIDDLE STATES ASSOCIATION OF COLLEGES AND SECONDARY SCHOOLS

Secretary: GENE D. GISBURNE, University of Pennsylvania, Philadelphia 4

COLLEGES

CANAL ZONE

Canal Zone Junior College, Balboa (1941)

DELAWARE

Delaware State College, Dover (1945)
University of Delaware, Newark (1921)
Wesley Junior College, Dover (1950)

DISTRICT OF COLUMBIA

American University, Washington (1928)
Catholic University of America, Washington (1921)
District of Columbia Teachers College, Washington (1943)
Dunbarton College of the Holy Cross, Washington (1940)
Gallaudet College, Washington (1957)
Georgetown Visitation Junior College, Washington (1933)
George Washington University, Washington (1921)
Georgetown University, Washington (1922)
Howard University, Washington (1921)
Immaculata Junior College, Washington (1937)
Mount Vernon Junior College, Washington 7 (1958)
Trinity College, Washington (1921)
Washington Missionary College, Washington (1942)

MARYLAND

College of Notre Dame of Maryland, Baltimore 10 (1925)
Goucher College, Baltimore 18 (1921)
Hood College, Frederick (1922)
Johns Hopkins University, Baltimore 18 (1921)
Loyola College, Baltimore 12 (1931)
Maryland State College, Princess Anne (1921)
Montgomery Junior College, Takoma Park (1950)
Morgan State College, Baltimore 12 (1925)
Mount St. Agnes College, Baltimore (1937)
Mount St. Mary's College, Emmitsburg (1922)
Peabody Institute, Baltimore (1955)
St. Charles College, Catonsville (1939)
St. John's College, Annapolis (1923; 1953)
St. Joseph's College, Emmitsburg (1927)
St. Mary's Seminary and University, Baltimore (1951)
State Teachers College, Frostburg (1953)
State Teachers College, Salisbury (1956)
State Teachers College, Towson (1949)
United States Naval Academy, Annapolis (1947)
University of Maryland, College Park (1921)
Washington College, Chestertown (1925
Western Maryland College, Westminster (1922)
Woodstock College, Woodstock (1944)

NEW JERSEY

Caldwell College for Women, Caldwell (1952)
Centenary College for Women, Hackettstown (1932)
College of St. Elizabeth, Convent (1921)
Douglass College of Rutgers University, New Brunswick (1921)
Drew University, Madison (1932)
Fairleigh Dickinson College, Rutherford (1948)
Georgian Court College, Lakewood (1922)
Glassboro State College, Glassboro (1958)
Jersey City Junior College, Jersey City (1949)
Monmouth College, W. Long Beach (1952)
Montclair State College, Montclair (1937)
Newark College of Engineering, Newark 2 (1934)
Paterson State College, Paterson 22 (1958)
Princeton University, Princeton (1921)
Rider College, Trenton (1955)
Rutgers University, New Brunswick (1921)
St. Peters College, Jersey City (1935)
Seton Hall College, South Orange (1932)
Stevens Institute of Technology, Hoboken (1927)
Trenton State College, Trenton 5 (1938)
Union Junior College, Cranford (1957)
Upsala College, East Orange (1936)

NEW YORK

Adelphi College, Garden City (1921)
Alfred University, Alfred (1921)
Bard College, Annandale-on-Hudson (1921)
Barnard College, New York City (1921)
Bennett College, Millbrook (1938)
Briarcliff College, Briarcliff Manor (1944)
Brooklyn College, Brooklyn 10 (1933)
C. W. Post College of Long Island University, Greenvale, L. I. (1955)
Canisius College, Buffalo (1921)
City College, New York City (1921)
Clarkson College of Technology, Potsdam (1927)
Colgate University, Hamilton (1921)

College of Mt. St. Vincent, New York City (1921)
College of New Rochelle, New Rochelle (1921)
College of St. Rose, Albany (1928)
Columbia University, New York City 27 (1921)
Concordia Collegiate Institute, Bronxville (1941)
Cooper Union, New York City 3 (1946)
Cornell University, Ithaca (1921)
D'Youville College, Buffalo (1928)
Elmira College, Elmira (1921)
Fashion Institute of Technology, New York (1957)
Finch College, New York (1940)
Fordham University, New York City 58 (1921)
Good Counsel College, White Plains (1930)
Hamilton College, Clinton (1921)
Hartwick College, Oneonta (1949)
Hobart College (College of the Seneca) Geneva (1921)
Hofstra College, Hempstead, L. I. (1940)
Houghton College, Houghton (1935)
Hunter College, New York City 21 (1921)
Iona College, New Rochelle (1952)
Ithaca College, Ithaca (1955)
Jamestown Community College, Jamestown (1956)
Jewish Theological Seminary of America, New York City (1954)
University of Judaism, Los Angeles, California (1954)
Juilliard School of Music, New York City (1956)
Keuka College, Keuka Park (1927)

ASSOCIATE MEMBERS

(NOTE: In addition to the junior colleges, specialized institutions, and business schools accredited by the Association two other classes of institutions are eligible for associate membership: (1) Institutions of like character to those accredited as active members but which are accredited by other regional accrediting associations; and (2) Organizations and institutions founded for educational purposes (such as research libraries and museums) but not directly engaged in offering curricula.)

American Institute for Foreign Trade, Phoenix, Arizona (Associate)
*Arizona State College, Tempe, Arizona (Associate)
California Council on Teacher Education, University California (Associate)
California State Department Education, Sacramento (Associate)
*University of Arizona, Tucson, Arizona (Associate)
**University of Nevada, Reno, Nevada (Associate)
Western Personnel Institute, Pasadena (Associate)

* Accredited by North Central Association.
** Accredited by Northwest Association.

ALVA J. GIBSON, *Executive Secretary*

Proceedings of the Commission on Secondary Schools

I. REPORT OF THE COMMISSION

AT 10:00 A.M., Saturday, April 18, 1959, the Sixty-Fourth Annual Meeting of the Commission on Secondary Schools of the North Central Association of Colleges and Secondary Schools opened with a meeting of the Administrative Committee of the Commission in the Palmer House in Chicago. The Administrative Committee and the state chairmen met on Sunday, April 19, and the Administrative Committee and the State Committees, on Monday, April 20. Each of these three meetings was primarily spent in discussing the proposed revision of the *Policies, Regulations, and Criteria*, on the one hand, and the Election and Voting Procedures on the other. The remainder of the time was spent in discussing topics listed on the agenda and which had been submitted in advance by members of the group.

The Executive Secretary of the Commission had planned in detail the organization of the Reviewing Committees prior to the meeting.

Promptly at nine o'clock, on Tuesday, April 21, the work of the committees got under way. All told, 439 individuals sat down to review the reports of more than 3,500 schools. By 3:00 P.M., the work of the Reviewing Committees was completed.

At 4:00 P.M. the chairmen, assistant chairmen and secretaries of the Reviewing Committees met with the Administrative Committee and the nineteen state chairmen. They reported the results of the day's work; heard any state chairman who might question the decision of the Reviewing Committee about an individual school within his jurisdiction or request the reasons for the proposed recommendation; and cleared up all questions prior to the presentation of the actions of the Reviewing Committees to the Commission at its final business session.

The "Buzz Sessions," introduced in 1954, were continued with the same fine results. These groups met at 2:00 P.M., on Tuesday, April 21, and were attended by those who had completed their reviewing activities and by any others who were interested. Guy Waid, Principal, Senior High School, Carlsbad, New Mexico, was the general chairman. Under him were five sub-groups each with a chairman and a recorder. These meetings were well attended. In some instances, many who wished to hear a particular discussion could not get into the room. The general participation of those present indicated keen interest in the subjects at hand.

At 9:30 A.M., the first general business meeting of the Commission was held on Wednesday, April 22.

The Executive Secretary presented his report which covered the activities of the Administrative Committee, the Dependents' Schools Committee, and the Report Forms Committee.

Other reports were made by the following individuals:

Herbert Bishop, Principal, Senior High School, Manhattan, Kansas, and Chairman of the Activities Committee reported on the work of this committee during the present year and made recommendations for the year ahead.

L. A. Van Dyke, Professor of Education, University of Iowa, Iowa City, Iowa, and Chairman of the Cooperating Committee on Research, reported on the progress made by his committee in rewriting the *Policies, Regulations and Criteria for the Approval of Secondary Schools.*

George A. Beck, Principal, Central High School, Duluth, Minnesota, and Chairman of the Committee on the Proposed Revision of Election and Voting Procedures, reported for his committee.

Chairman Romine had appointed a nominating committee composed of:

Harlan Bryant, Dean, College of Education, University of Wyoming, Laramie, Wyoming

Delmar Battrick, Principal, Theodore Roosevelt High School, Des Moines, Iowa

John W. Saunders, Principal, Shady Spring High School, Beaver, West Virginia.

The report of the nominating committee was called for at this time and Chairman Bryant, reporting for the committee, nominated the following individuals:

Chairman of the Commission on Secondary Schools: Russell F. Lewis, First Assistant Superintendent, State Department of Education, Madison, Wisconsin

Member of the Administrative Committee: Wayne C. Blough, Principal, Shaw High School, East Cleveland, Ohio (1963)

Members of the Commission on Secondary Schools, Class of 1962:

R. R. Myers, Principal, High School, Mishawaka, Indiana

J. E. McAdam, Director, University High School, Iowa City, Iowa

J. Harold Rose, Principal, High School, Whitefish Bay, Wisconsin

Kent Leach, Director, Bureau of School Services, University of Michigan, Ann Arbor, Michigan

N. T. Thorpe, Principal, University High School, Lincoln, Nebraska

Floyd L. Simmons, State Department of Education, Columbus, Ohio

Member of the Commission on Colleges and Universities: Donald W. Shanor, Principal, Powell High School, Powell, Wyoming (1963)

The report of the committee was accepted and the chairman then called for nominations from the floor. None being offered, it was moved and seconded that the individuals named by the nominating committee be elected to the respective offices. Motion carried unanimously. The meeting adjourned at 11:30 A.M.

The final business meeting of the Commission was held at 2:00 P.M., Wednesday, April 22.

After the roll call the chairman of each of the reviewing committees reported to the Commission and made the following recommendations, which were accepted unanimously:

Schools to be unqualifiedly approved	2,002	
Schools to be advised	1,234	
Schools to be warned	214	
Schools to be dropped or withdrawn	24	
New schools to be added	77	
Total membership of secondary schools recommended		3,527

II. COMPOSITION OF THE REVIEWING COMMITTEES

REVIEWING COMMITTEE ON SCHOOLS TO BE UNQUALIFIEDLY RECOMMENDED

Chairman: FEARN, HAROLD G., Superintendent of Schools, District No. 129, Aurora, Illinois
Assistant Chairmen:
LEE, GEORGE, Principal, Senior High School, Dubuque, Iowa
WELSH, RUSSELL, Principal, Clinton, Missouri
Consultant: MCADAM, J. E., University of Iowa, Iowa City, Iowa
Secretary: SHANNON, GAIL, Director of Personnel, University of Oklahoma, Norman, Oklahoma
Assistant Secretaries:
BORGEN, H. O., Principal, High School, Neenah, Wisconsin
CHAPPELL, J. M., Principal, High School, Evanston, Wyoming
GREINER, BRIGHT E., Principal, High School, Espanola, New Mexico
FLOOD, JOHN W., Principal, Garfield High School, Akron, Ohio
HARRIS, VIRGIL B., Principal, High School, Greenbank, West Virginia
LAFREY, RAYMOND, Principal, Wayne Memorial High School, Wayne, Michigan

V. POLICIES, REGULATIONS, AND CRITERIA FOR THE APPROVAL OF SECONDARY SCHOOLS

Guiding Principles

I. An institution should be judged upon the basis of the total pattern it presents as an institution of its type. While it seems necessary that institutions be judged in terms of particular characteristics, it should be recognized that wide variations will appear in the degree of success achieved.

II. It should be accepted as a principle of procedure that deficiency in one field may be compensated for by strength in other fields—no school should be denied accreditation because it fails to meet a specific standard, if its total pattern of achievement is good.

III. A school should be judged, in so far as is possible, in terms of its own philosophy and the purpose which it serves in its own community. The fact should be recognized that individual differences exist among schools and among communities.

IV. Criteria should be flexible, and of a type that can readily adjust themselves to changing conditions.

V. Objective criteria should be based upon a sufficient amount of research and experimentation to establish their validity as measuring instruments.

VI. While it seems desirable that criteria regard as basic certain characteristics, such as faculty preparation, the intellectual and moral tone of a school, the nature of the school plant, the adequacy of equipment and supplies, the quality of the school library and library service, the condition of the records, the policies of the board of education, the financial status, the teaching load, and the educational program, it should be recognized that considerable divergence from normal standards may occur in one of these characteristics without greatly detracting from the educational merits of an institution. Uniformity in every detail stifles educational experimentation and is not only unnecessary but undesirable.

VII. Criteria, to be of maximum value, should be stimulating and conducive to educational growth; they should be instruments for continuous self-evaluation and should provide the incentive to strive constantly toward higher goals of achievement.

Policies of the Commission on Secondary Schools

POLICY I

A school which has submitted its annual report to the State Committee which is in the highest class of schools as officially listed by the properly constituted educational authorities of the state and which has been approved continuously for five years shall not be dropped without a year's warning except by a three-fourths vote of the members of the Commission present. A school which has not been approved continuously for five years may be dropped without warning.

POLICY II

It is the policy of the Commission to recommend the removal from the approved list of the Association of any school which, after a year's warning, continues to violate the same Regulation or Criterion which was violated the previous year. Upon the recommendation of the State Committee, however, this policy may be waived by a three-fourths vote of the Commission members present.

State Committees are encouraged to advise a school which has been warned for violation of a Regulation or a Criterion to submit to an evaluation, using the *Evaluative Criteria*.[1] This evaluation is to be carried out when, in the opinion of the State Committee, it will assist in improving the condition for which the school was warned, or in explaining the extenuating circumstances which may justify a second warning, or even the discontinuance of the warning.

POLICY III

Secondary schools are approved for an

[1] Write for the *Evaluative Criteria* to: Cooperative Study of Secondary School Standards, 1785 Massachusetts Avenue, Washington 6, D. C.

indefinite period. All schools on the approved list, however, shall submit such reports as the Commission may require. The certificate showing that a school is approved by the Association is valid as long as the school meets the conditions for approval as defined by the commission on Secondary Schools and approved by the Association.

POLICY IV

Credits acquired through summer session work, extension courses, correspondence courses, or state examinations will be accepted by the Association as counting toward the preparation of the teacher, if such credits are accepted by an approved institution of higher education.

The Association recognizes that credit established in accordance with the recommendations in *A Guide to the Evaluation of Educational Experiences in the Armed Services*[1] is sound. Such credit may be counted as a part of the preparation of the teacher, when accepted by an approved institution of higher education.

POLICY V

The Chairman of the State Committee is the official agent of communication between the approved schools of the state and the Secretary of the Commission on Secondary Schools. He is responsible to the Commission for the distribution, collection, and filing of all reports, and for such other duties as the Association may direct.

The Chairman of the State Committee shall be either the Committee representative of the State University or of the State Department of Education and shall be selected by majority vote of the State Committee subject to the approval of the Executive Committee. He shall be elected for a term of four years, and shall be eligible to succeed himself, but may continue in office only so long as he is a member of the State Committee.

In the event of a vacancy in the chairmanship during the term of office of an incumbent, the State Committee shall elect a chairman to complete the unexpired term. The meeting for this purpose will be called by the secondary school representative having the longest tenure on the committee.

POLICY VI

The interim authority for interpreting Policies, Regulations, and Criteria for the Approval of Secondary Schools is the Secretary of the Commission on Secondary Schools.

POLICY VII

It is the policy of the Association to warn high schools for violation of the conditions for eligibility to the approved list of the Association and to drop from this list any high school which violates the same Regulation or Criterion during consecutive years. High schools may also be warned or dropped whenever it becomes evident that they frequently violate conditions for eligibility to the approved list. In the case of a minor violation, the Association may instruct the State Committee to advise the school concerned. It is the policy of the Association not to take an action which is different from that recommended by the State Committee without first notifying the committee of the state concerned.

State Committees are encouraged to advise a school which has been warned for violation of a Regulation or a Criterion to submit to an evaluation, using the *Evaluative Criteria*. (See Policy II.)

POLICY VIII

In the case of individual schools of any state, reasonable deviations from Regulations and Criteria may be accepted by the Commission and approved by the Association when recommended by the State Committee. Such recommendations must be supported by substantial evidence showing that these deviations are justifiable.

No school should be denied approval if it fails to meet fully all Criteria and Regulations, provided its total educational pattern is good, as revealed by the

[1] For *Earning Secondary-School Credit in the Armed Forces*, write to the National Association of Secondary-School Principals, National Education Association, 1201 Sixteenth Street, N.W., Washington 6, D. C.

results of a competent survey or other evidence. Policy VIII also applies to new schools seeking admission. State Committees are justified in expecting closer adherence to published regulations and criteria in the case of new schools. Special attention should be given to the reports of State Committees which have used the *Evaluative Criteria* as one of the steps to be taken by new schools in making their application for admission. It is recommended that State Committees ask each prospective new school to carry out at least a self evaluation using the *Evaluative Criteria*. Such schools should be encouraged to use the full Cooperative Study procedure, supplemented by a review of the self evaluation by a visiting committee or by the State Committee.

The conditions for eligibility to the approved list of member schools of the Association are included under two separate classifications: Regulations and Criteria.

REGULATIONS

Regulations are those yardsticks which serve to assist schools which are members of the Association with definite guidance as to the necessary minima to be observed. In other words, regulations are floors below which there seems to be agreement that schools may not fall and still be of the type that should be considered good schools according to the Association's Criteria.

REGULATION I

The Annual Report Blank

The Association is under no obligation to consider a school for unqualified approval unless the annual report blanks have been properly and completely filled out and placed on file with the State Chairman on the dates determined by the Commission.

REGULATION II

Organization of the School

A secondary school shall base its report on all grades included in its organization.[1]

REGULATION III

Qualifications of Staff Members[2]

A. *Instructional Staff*

1. *General Preparation.* a. All members of the instructional staff possess a Bachelor's degree from an institution of higher education approved by the North Central Association of Colleges and Secondary Schools or from an institution of equal standing. (Exceptions may be made when recommended by the State Committee in the case of teachers of trades, if these teachers are legally qualified to teach in the state and have had the apprenticeship training required in their respective trades.)

b. Graduates of colleges not recognized by the North Central Association or by any other regional accrediting agency may become eligible to teach in a secondary school accredited by the Association by being admitted to graduate standing in an institution of higher education accredited by the Association or by any other regional accrediting agency, and by completing successfully not less than six semester hours of graduate work. This part of the Regulation is not to apply to graduates of non-accredited colleges who desire to teach in the state in which they were graduated, when approved individually in accordance with the policy of the State Committee.

c. Teachers in school systems having two or more high schools, who are transferred by the administrative officer from one school to another, and who, though not fully qualified, have been accepted previously by the Association, when they teach the same subjects in a new school as they were teaching in their former position, shall be accepted by the Association as properly qualified teachers, provided that the system encourages teachers who are not fully qualified to continue their educational preparation, and that evidence exists that progress is being made.[3]

2. *Professional Preparation.* The mini-

---

[1] A change in reporting the organization of a school shall be approved by the State Committee.

[2] Except where specifically stated (as in the case of library personnel), requirements pertaining to staff preparation are not retroactive and do not invalidate the qualification of a staff member who was fully qualified under the standards applicable at the time of his appointment to his present position.

[3] In the case of church schools, "school system" is taken to mean a group of schools under the central administrative control of a particular religious order or diocesan superintendent.

mum professional preparation of individual members of the instructional staff is fifteen semester hours of education. In the case of a teacher whose professional preparation consists of less than fifteen semester hours, the State Committee shall have power to waive this Regulation if, in its judgment, the teacher is otherwise highly qualified and is doing clearly superior work.

3. *Preparation in Teaching Areas.* a. Adequate preparation in teaching fields and areas is defined as that which meets the legal requirements of the state in which the school is located and also any special requirements set up by legally constituted educational authorities of the state, provided, however, that the minimum preparation is fifteen semester hours at the college level in any one of the following areas: language arts, a foreign language, social studies, science, mathematics, business, health and physical education, music, art, home economics, agriculture, and industrial arts, and adequate preparation in each subject taught.[1] In the case of a teacher who devotes a minor fraction of his time to the teaching of a particular subject, a reasonable deviation from the minimum preparation may be accepted when approved by the State Committee.

b. In the case of unified courses which draw their subject matter from two or more teaching fields, the minimum preparation expected will be twenty semester hours on the college level, appropriately distributed among the teaching fields concerned.

c. Each State Committee will submit to the Secretary of the Commission on Secondary Schools the requirements of the properly constituted educational authorities of the state pertaining to the preparation of teachers in subject fields and areas.

4. *Records of Teachers' Preparation.* An official transcript or a certified copy of the college preparation of each teacher is kept on file in the office of the administrative head of the school or school system. All information which pertains to the preparation of teachers is secured from such official records. An official transcript is the institutional credit record signed by the registering officer of the higher institution certifying the credits. Its submission to the State Chairman for evaluation may be required. A certified copy of the transcript may be accepted.

B. *Library Staff*[2]

1. *The Librarian.* a. In schools with an enrollment of 500 or more pupils, the librarian is a full-time librarian. In schools with an enrollment of 200–499 pupils, the librarian may be a full-time librarian, a study-hall librarian, or a teacher-librarian; at least half the time of a teacher-librarian is devoted to the library. In schools with an enrollment of less than 200 pupils, at least two periods a day of the teacher-librarian's time are devoted to the library.

b. The librarian meets the requirements of Regulation IIIA-1 and 2. In a school with an enrollment of 500 or more pupils, the librarian has completed a minimum of 24 semester hours of library science. In a school with an enrollment of 200–499 pupils, the librarian has completed a minimum of 15 semester hours of library science. In a school with an enrollment of less than 200 pupils, the librarian has completed a minimum of 6 semester hours in library science.

c. The work in library science includes such courses as the following: school library organization and administration, cataloguing and classification, book selection and acquisition with emphasis on the reading and needs of adolescents, reference material, and general bibliography.

2. *Assistants.* Provision is made for an adequate number of assistants to the librarian, either as assistant-librarians or as pupil-librarians.

[1] Deductions in mathematics or in any one foreign language may be allowed to the extent of two semester hours for each unit earned in high school, not to exceed a total deduction of six semester hours.

[2] Regulation IIIB shall be in force upon adoption, but exceptions may be made by the State Committee until the school year 1955–56.

C. *Other Professional Staff* (physician, dentist, nurse, psychiatrist, psychologist)

Members of the non-instructional professional staff meet the requirements of the state in which the school is located.

D. *Clerical Staff*

Adequate clerical assistance is provided. The qualifications of such personnel include, as a minimum, high school graduation and preparation in office practice.

E. *Custodial Staff*

The members of the custodial staff meet the state requirements pertaining to their training and employment.

REGULATION IV

Administrative Staff

A. *Principal*

The principal (or the administrative head of the secondary school) has had at least two years of teaching experience and possesses as a minimum a Master's degree from an institution of higher education qualified to offer graduate work. His preparation in school administration and supervision includes an appropriate distribution of graduate work covering those phases of the school administrator's work which are professional in character, such as secondary school administration, curriculum making, the supervision of instruction, methods of teaching, philosophy of education, history of education, pupil activities, guidance, health and safety, vocational education, personnel records and reports, and school finance. Anyone holding title of principal meets the foregoing requirements.

B. *Superintendent*

The superintendent of schools or the administrative head of the school system has the teaching experience and professional preparation described in Regulation IVA.

C. *Supervisory and Guidance Assistants*

Any member of the faculty who assists the administrative head of the school in the supervision of instruction possesses, as a minimum, the requirements specified in Regulation IIIA-1 and 2, and, in addition, an appropriate distribution of graduate work in such fields as the supervision of instruction in the secondary school, personnel and guidance, methods of teaching, educational psychology, and philosophy of education.

REGULATION V

Length of School Year

The minimum length of the school year is thirty-six weeks, 180 days, with a minimum of 172 days of classes actually in session.

REGULATION VI

Length of Class Period

A. A school may elect to conduct classes on the short period basis, the long period basis, or a combination of the two. The minimum length of the short class period for one unit of credit is defined as 40 minutes, exclusive of all time used in the changing of classes or teachers, five times a week for thirty-six weeks, or 180 days. Under this plan, two class periods necessitating little or no preparation outside of class are considered as equivalent to one period of prepared class work.

B. The length of the laboratory or long class period, for one unit of credit and for the purposes of this Regulation, is defined as a minimum of 55 minutes exclusive of all time used for the changing of classes or teachers. Under the long period plan, directed study may be substituted for the outside preparation required for the short period class. Under the short or the long period plan, however, a reasonable amount of outside or independent study by pupils in accordance with their abilities is encouraged.

REGULATION VII

Requirements for Graduation

A. A three-year senior high school requires a minimum of twelve units, or 120 semester hours, for graduation. Four-year senior high schools require a mini-

mum of sixteen units, or 160 semester hours, for graduation. Six-year high schools require a minimum of twelve units, or 120 semester hours, earned in the upper three years. (See Regulation II.)

B. A semester hour is defined as the amount of credit granted for the completion of a course covering one semester and consisting of one class period weekly, as defined in Regulation VI.

C. In order to permit variation from the foregoing definitions of a quantitative unit of credit based upon time element and to stimulate improved standards of scholarship, the school may elect to grant credit on a qualitative basis. School authorities, therefore, are encouraged to determine credit through the use of approved end-of-course tests. These tests measure the achievement ordinarily required for credit in a one or two semester course. Any supplementary evidence which may be considered necessary or desirable to establish the validity of such credit may be required.

D. State Committees are empowered to approve this plan for those schools wishing to adopt it, provided the school has personnel trained for the administration of such testing program. The scores of such tests may be used for the transfer of credit to other schools and to colleges.

E. Tests may be used to classify individuals entering school with educational experience for which regular transcripts of credit are not available. Each individual thus tested is placed in the educational courses best suited to his needs.

REGULATION VIII

Size of School

An approved school employs, as a minimum, a number of teachers whose full-time equivalency is one in excess of the number of years in the organization of the school.

REGULATION IX

Pupil Load

In order to protect the social as well as the intellectual maturity of the pupil, it is advisable that he have four years experience in a four-year high school or three years experience in a three-year high school in order to graduate.[1] In exceptional cases, pupils may be allowed to graduate in less than the time specified above, provided that adequate guidance procedures have been followed.

REGULATION X

Teaching Load

In determining the teaching load, consideration is given to the following components: the number of periods of class teaching, the number of different preparations, study hall duty, class size, total number of pupils taught daily, the demands made in the way of any guidance and supervisory activities, and the duties involved in the sponsorship of pupil activities. Due allowance is made in computing the teacher load for special assignments to committee work whose purpose is to improve any phase of the school program. The desirable maximum equivalency of a combination of such duties is six periods daily for the short period schedule, and five periods daily for the lengthened period schedule. A teaching load in excess of seven periods daily, including study hall assignments, for the short period schedule and six periods daily, including study hall assignments, for the lengthened period schedule is considered a violation of this Regulation. The total teaching load is not excessive and is distributed equitably among the teaching staff.[2]

REGULATION XI

Library Expenditures

A. That part of the annual secondary school budget devoted to library expend-

[1] If the school has a summer session, the time spent may be counted as a proportionate part of the school year.

[2] An average enrollment in the school in excess of thirty pupils per teacher is considered as a violation of this Regulation. For the purpose of interpreting this Regulation, the principal, vice-principals, study hall teachers, vocational advisers, librarians, and other supervisory officers may be counted as teachers for such portion of their time as they devote to the management of the high school.

itures varies according to the size of the school; the smaller the school, the greater the pupil per capita expenditure. A minimum amount of $200.00 is expended annually in each secondary school for the purchase of library books, periodicals, newspapers, pamphlets, vertical file materials, and supplies.

B. The budget is planned in accordance with the library needs as shown by the annual library inventory and in accordance with the school's objectives for library service. The following scale of annual expenditures is recommended as a guide:

1. Schools with an enrollment of 1000 or more pupils expend approximately 50 cents per pupil.

2. Schools with an enrollment of 500 to 999 pupils expend approximately 75 cents per pupil.

3. Schools with an enrollment of 200 to 499 pupils expend approximately $1.00 per pupil.

4. Schools with an enrollment of less than 200 pupils expend not less than $200.00.

REGULATION XII

Financial Report

The financial condition of the school district or governing body is such that it is possible for the school to meet the conditions for accreditation and to maintain reasonably well standards of excellence as indicated in the Criteria.

CRITERIA

The standards of excellence which a school holding membership in the North Central Association is expected to maintain are based on statements in the *Evaluative Criteria*, as developed by the Cooperative Study of Secondary School Standards.

CRITERION I

Philosophy and Objectives

A. *Pupil Population and School Community*

Since the school exists for the educational needs of its constituency, it should be familiar with the distinctive characteristics of the community, such as its sociological composition, its social, economic, religious, recreational and educational institutions and agencies, and the educational needs of both youth and adults. Since the local community is also a part of the state, nation, and world, the school must also be concerned with an understanding of the social, political, economic, and other forces of these larger communities and with the development of the ability of all peoples to live together in one world. A school, therefore, should develop its philosophy and objectives from an analysis of such social factors.

B. *Philosophy of the School*

Each school should be free to determine its philosophy to the extent that it promotes the principles and spirit of American democracy. The statement of philosophy should be written, implemented by a specific statement of objectives, and manifested in the educational program of the school.

CRITERION II

Educational Program

A. *Basic Principles*

1. The educational program of the school is concerned with more than the accumulation of knowledge, development of skills, and improvement of understandings. The development of interest, tastes, appreciations, ideals, and attitudes, and the functioning of all these elements in a democratic society should be included in the educational program.

2. An educational program which is concerned only with preparation for college can no longer be considered an adequate offering for a school, although preparation for college should continue to be one function of secondary education. The program should provide for the interests, needs, and abilities of all pupils as well as for the requirements of the community and the public supporting the school.

3. The evaluation of an educational

program should be made in terms of the curriculum and courses of study, pupil activities, the library, guidance, instruction and outcomes.

B. *Curriculum*

1. The curriculum should be chiefly concerned with the orientation, guidance, instruction, and participation of youth in those significant areas of living for which education should supplement the work of other social institutions.

2. Constant adaptation and development of the curriculum should be a cooperative enterprise engaging all staff members, carried on under competent leadership, and using all available resources. Carefully conducted and supervised experimentation for curriculum development is desirable.

C. *Pupil Activity Program*

The pupil activity program should aim to develop desirable social traits and behavior patterns in an environment favorable to their growth. Special importance should be attached to provision for pupil participation through student councils or similar organizations in the administration of those school functions which especially concern the interest and welfare of pupils. The activity program should not only provide opportunity for developing leadership ability but should stimulate active participation of all pupils in appropriate school organizations and community activities.

D. *Library Service*

1. The library is easily accessible to pupils, adequate in size, and attractive in appearance.

2. Adequate provisions for the school library should include the following: a. A well-educated, efficient librarian; b. books and periodicals to supply the needs for reference, research, and cultural and inspirational reading; c. provision for keeping all materials fully catalogued and well organized; d. a budget which provides adequately for the maintenance and improvement of the library; e. encouragement of pupils in the development of the habit of reading and enjoying books and periodicals of good quality and real value; f. continuous and systematic use of the library by teachers.

E. *Guidance Service*

Guidance, as applied to the secondary school, should be thought of as a service designed to give systematic aid to pupils in making adjustments to various types of problems which they must meet—*educational, vocational, health, moral, social, civic* and *personal.* Guidance activities should be organized into a definite program in which each staff member is a responsible participant. Where counselors are available, they should be responsible not only for specific activities but for stimulating and assisting teachers in their guidance activities.

F. *Instruction*

1. In the instructional program evidence should be found of: a. goals or objectives appropriate to the degree of development of pupils and in keeping with the purposes of the school; b. the selection and use of varied types of teaching and learning materials and experiences; c. the adjustment of method and organization to conditions and needs of pupils as a group and as individuals; d. the use of every legitimate means available in the evaluation of progress and quality of learning; e. a personal relationship of confidence, respect, and helpfulness between teachers and pupils, resulting in similar relationships between school and community; f. provision for all desirable types of learnings; g. definite and adequate learning by pupils as an outcome.

2. The efficiency of instruction, the acquired habits of thought and study, the general intellectual and moral tone of a school, and the cooperative attitude of the community are paramount factors. Only schools that rank well in these particulars are considered eligible for the list of schools approved by the Association.

G. *Evaluation of Outcomes*

1. In the educational program of a good secondary school, major concern should be given to attaining desirable outcomes and to the various kinds of evidence indicating that such outcomes are being realized.

2. The results of the learning process should include: a. factual information of knowledge; b. meaning and understanding; c. abilities to do—knowledge and understanding combined with skill; d. desirable attitudes—scientific, social, moral, and others; e. worthy ideals, purposes, appreciations, and interests; and f. resultant intelligent participation in general life activities.

CRITERION III

School Staff

A. *Instructional Staff*

1. The staff should be a group of individually competent persons, organized into a cooperative body, having common purposes and motivated by the philosophy and objectives of the school. Diversity of preparation and viewpoints is desirable for a well-rounded staff, but its members should have the ability and the desire to work together, cheerfully, harmoniously, and efficiently for the good of the school and its pupils. Each member of such a staff should give evidence of awareness and understanding of educational problems and of *continuous professional growth.*

2. The number of staff members should be adequate for the curriculum offered, the school's enrollment, and the special needs of the pupils and the community. The teaching load and the total working load should be such as not to endanger the special needs of pupils.

3. Each staff member should have broad, general scholarship, thorough preparation in his special field, professional competence, and reasonable social development. In the selection of individual staff members, attention should be given to teaching ability, personality, health, and character. In evaluating the adequacy of the general preparation of the instructional staff, State Committees will take into consideration the extent to which the staff as a whole has completed work beyond the Bachelor's degree, the kind and distribution of college courses taken, the recency of their completion, and other evidences of professional growth.

4. Teachers should receive salaries adequate to insure a living standard comparable with the social demands on the profession and the worth of their service as well as to provide security for old age.

B. *Librarian*

The library staff has a broad, general education, a good understanding of the school's philosophy of education and of its educational program, and some successful teaching experience. The staff has the ability to work effectively with teachers in finding and using suitable library materials and aids in teaching and learning, to work agreeably and effectively with pupils, and to teach them to find and use library material readily and effectively.

C. *Other Professional Staff*

The services of such personnel as physician, dentist, nurse, psychiatrist, psychologist, speech correctionist and hearing therapist are desirable and should be adequate to the needs of the school.

D. *Clerical Staff*

The clerical assistance necessary for an effective program of instruction, administration, and supervision should be provided.

E. *Custodial Staff*

The number of custodial staff members should be adequate to keep the school plant in sanitary and efficient operation. They should be trustworthy, resourceful, and cooperative.

F. *Health Examination*

It is recommended that a health exami-

nation be given to every new employee and periodically to every staff employee.

CRITERION IV

Administration and Supervision[1]

A. *The Board of Education*

Responsibility for determining the general policies of the school system is entrusted to a governing board, hereafter designated as the board of education. The board functions only when in official session; at other times its members have no authority in school matters, except as specifically authorized by the board. The administrative head of the schools is the chief executive officer of the board of education. Subject to the approval of the board of education, the administrative head is responsible for the selection and assignment of all school employees, the business management of the schools including school plant and equipment, the administration and supervision of the educational program, and the program of public relations. These duties necessitate organization of resources, both material and personal; delegation of duties and authority; and supervision of all delegated tasks and of all individuals to whom authority and responsibility are assigned. The better the administrative personnel, the more efficient will be the organization and management and the greater the probability of the successful attainment of the school's objectives, provided the personnel is always mindful of the primary function of the school—the development of its pupils. Success should be measured in terms of results, not of machinery.

B. *Policies of the Board of Education*

1. The policies of the board of education are such as to encourage a maximum of educational growth and development. The board of education has a published statement of policy.

2. The policies of the board of education are such as to attract and retain the services of well-qualified and competent staff members and a well-trained school administrator who is capable of providing effective educational leadership. It is the policy of the board under which an accredited high school operates to employ, promote, demote, and discharge staff members and other employees only upon the recommendation of the administrative head of the school system.

3. No employee is dismissed during the term of a contract or refused re-employment except at an official meeting of the board of education. The minutes of such a meeting clearly indicate all actions taken by the board. Employees who are to be dismissed or refused re-employment are given reasons for the action taken by the board of education and are given an opportunity for a hearing before official action is taken.

4. The administrative head of the school system attends all meetings of the board of education except that part of a meeting when his own employment is under consideration.

5. The board of education deals with staff members and other school employees only through the administrative head of the school system.

6. The administrative head of the school system is held responsible to the board of education for submitting a carefully planned budget and for the expenditure of money in accordance with the budget adopted. He keeps those members of the staff who have responsibility for the proper expenditure of school funds informed as to the balances remaining in that part of the budget which relates to their departments.

7. The administrative head of the school system should share with the controlling board responsibility for establishing and maintaining desirable relations with the school's public. Therefore the supporting public should be informed regarding the policies, program, objectives, activities, and plans for the future of the

[1] In the case of private schools or church schools, by "Board of Education" is to be understood the individual or group performing the functions of the board of education which are considered in Criterion IV.

school so that the support of the public be assured for the school's undertakings. There should always be a sympathetic and understanding relationship between the school and its administration on the one hand and its public on the other.

C. *Cooperative Relationships*

The working relationships between the board of education and the administrative head of the system, between the administrative head of the system and the principal of the secondary school, and between principal and staff are such as to insure successful and effective administration. Administrative procedures should be carried on by democratic processes which recognize the abilities and contributions of staff members.

D. *Administration*

1. The administration of the school is such as to insure a well-organized and well-managed school, effectively and intelligently supervised, and meeting the needs and interests of the pupils and of the community. Effectiveness of organization, permanency of tenure of all staff members, as shown by the history of the school, and the attitude and support of the community are matters which will be taken into consideration in determining whether the school is eligible for accrediting.

2. Interference with the administration of the high school by individuals or organized groups either inside or outside the school, when such interference is likely to result in a lowering of the effectiveness of the educational program, will be considered sufficient grounds for an official visit and inquiry into the condition of the school.

E. *Supervision*

Supervision includes the improvement of every phase of the educational program, such as the organization of programs of studies, the revision of curricula, the instructional procedures, the pupil activity program, and the non-instructional activities of staff members. The administrator directly in charge of a secondary school should have ample time during the school day for the administration and supervision of his school.

F. *Administration of the Activity Program*

A secondary school should not participate in any district, state, interstate, or regional athletic, music, commercial, speech, or other contest, tournament, congress, or assemblage involving the participation of more than two schools, except those approved by the State Committee, or by that organization recognized by the State Committee as constituting the highest authority for the regulation and control of such activities. It should be the responsibility of the State Committee to furnish member schools with a list of approved contests, tournaments, congresses, and assemblages. The State Committee should give prompt action on requests for the approval of activities.

G. *System of Records and Reports*

A school should maintain a type of personnel and record system of such nature that it can provide any of the data asked for in the Criteria.

CRITERION V

School Plant, Equipment and Supplies

A. *Building and Site*

The school plant should be flexible, adequate in size, and so planned as to facilitate the offering of a modern program of secondary education that is suited to the needs and interests of the pupils and of the community. When a new plant is being planned, or an existing building is to be enlarged or remodeled, plans should contemplate meeting future as well as present needs. The building should be attractive and appropriate in design and should assure the safety and health of its occupants. The site should be large enough to provide ample playground space and should be attractively landscaped.

B. *Sanitation*

Janitorial service, lighting, heating, ventilation, water supply and drinking fountains, lavatories and toilets, wardrobes and lockers, school furniture, and location of the classrooms, shops, laboratory, and library should be such as to insure hygienic conditions for pupils and teachers.

C. *Safety*

Proper steps for protecting pupils against injuries should be taken in laboratories, shops, gymnasiums, transportation facilities, and in all parts of the building or grounds where accidents are likely to occur. The school plant should be adequately protected against fire and should have fire exits.

D. *Instructional Equipment and Supplies*

Instructional equipment and supplies, such as: science apparatus, laboratory tables and demonstration desks; shop tools and machinery; gymnasium equipment and supplies; equipment for home economics and agricultural laboratories; equipment and supplies for commercial, art, and music rooms; audio-visual aids equipment; maps and charts; library books, text books, and supplies should be adequate and used in such a way as to meet the needs of instruction for all courses and activities offered.

E. *Library*

1. *Materials.* The library should be conceived of as a communications center. The number and kind of library and reference books, periodicals, newspapers, pamphlets, information files, audio-visual materials, and other learning aids should be adequate[1] for the number of pupils and the needs of instruction in all courses offered.

2. *Location and Equipment.* a. The library room, or combination library-study hall, should be easily accessible, should accommodate approximately ten percent of the enrollment, should be attractive in appearance, and should contain standard library equipment, such as: reading tables, desks or desk-chairs, chairs, librarian's desk, cabinets for card catalogs, magazine and newspaper racks, dictionary stands and filing cabinets. In judging the adequacy of library space, consideration should be given to modifying factors in individual schools and to the extent to which library facilities are decentralized. b. The record system should include a shelf list, alphabetically arranged card catalogs, an accession record, and should be classified by the Dewey Decimal system or other classification system acceptable to the State Committee. The central library may be supplemented by departmental or classroom libraries of frequently changed materials appropriate to the work of individual classes.

F. *Special Services*

Adequate provision should be made according to the individual needs of each school for such special services as rest rooms, cafeteria, dining rooms, kitchens, clinics, infirmary facilities, and study and sleeping quarters.

G. *Protection of Pupil Records; Care and Storage of Equipment and Supplies*

Ample provision should be made for the safekeeping, systematic arrangement, and care of all materials, supplies, and apparatus used in the instructional and activity program, and the storage of all financial and personnel records and reports. An annual inventory is made of all equipment and supplies. A fireproof vault should be provided, or a safe which meets underwriters' specifications.

[1] Quality of service and adequacy may be measured by the use of Section F, Library Services, of the *Evaluative Criteria.*

A. J. GIBSON, *Executive Secretary of the Commission on Secondary Schools, Charleston 1, West Virginia*

Trends in Secondary Schools

SUMMARY OF STATISTICAL INFORMATION FOR SECONDARY SCHOOLS ACCREDITED BY THE ASSOCIATION FOR THE SCHOOL YEAR 1958–59

DATA PRESENTED in the tables which follow were compiled from the Annual Report on Regulations (Forms A and B) as submitted by member schools and summarized by each State Chairman. The final compilation was completed in the office of the Executive Secretary. They indicate conditions as they existed at the close of the first month of the school year 1958–59. They reveal trends in the more significant items included in that report. For each item returns are given for the nineteen states and the Dependents' Schools. For comparison, the totals for the preceding five years are shown at the bottom of each table.

In the fall of 1958, the number of member schools accredited by the Association rose to 3,459, an increase of 43 over the previous year. Forty-four were Dependents' Schools maintained by the Armed Services for the dependents of military and civilian personnel in occupied countries. In 1957–58, there was a total of 680 six-year high schools and in 1958–59, there were 684; an increase in that category of 4. The four-year high schools gained 32; the three-year high schools increased by 35; and schools organized on other plans, for the most part two- and five-year schools, showed a loss of 15.

The pupil enrollment increased by 127,968 to a total of 2,179,073. This is the largest number ever reported. Included in this total are 1,099,690 girls and 1,079,383 boys. When enrollment in the separate grades is examined, we find a slight decrease in grade eight, but a substantial increase in each of the other five grades. The boys outnumber the girls in grades 6, 7, 8, 9 and 10, but the girls outnumber the boys in grades 11 and 12. The number of post-graduate students rose from 3,949 to 5,896; an increase of 1,947. The average size of a North Central high school continues to climb. The figure for 1957–58 was 602. For 1958–59 it was 629.9, a gain of 27.9 over the previous year.

The number of pupils graduated in 1958 (the report for 1958–59 gives the graduates of the previous year) was 399,317, an increase of 21,680. Of the total number graduating, 205,141 were girls and 194,176 were boys.

There was an increase of 219 in the number of full-time librarians employed and a decrease of 47 in the number of part-time librarians. Not only was there an increase in the number of full-time librarians, but in the number of well qualified librarians also. In 1957–58 there were 1,755 librarians who had earned 24 or more semester hours in library science. In 1958–59, that number was 1,836; an increase of 81. In 1957–58, the number who had earned from 16 to 23 semester hours in library science was 788. For 1958–59, that number was 934; an increase of 146. At the same time the number with less than 16 semester hours of training fell from 1,194 to 1,139; a decrease of 55 of the less well prepared librarians.

The long class period, that is 55 minutes or more, is becoming more popular each year. For 1957–58, there were 1,877 schools operating on the long period; for 1958–59, there were 1,996. At the same

time there was a decrease of 62 in the number operating on the combined long and short period whereas the number operating on the short period remained the same.

The teacher load as reflected in the pupil-teacher ratio shows a trend toward improvement. The number of schools with a pupil-teacher load of less than 25 increased by 122; at the same time those with a pupil-teacher load of 25 to 30 show a decrease of 37. The number of schools with a ratio of more than 30 remains the same with 16.

The number of teachers without a bachelor's degree continues to decrease, falling from 368 in 1957–58 to 317 in 1958–59; a decrease of 51. During that same period the number holding a Doctor's degree decreased from 148 to 121; a loss of 27. The number of teachers holding a Master's degree increased from 5,389 to 5,412; a gain of 23. The number with a Bachelor's degree increased from 15,530 to 16,245; a gain of 715. The number lacking in professional training increased from 457 in 1957–58 to 671 in 1958–59. The number of teachers with inadequate preparation in their respective teaching fields decreased from 825 to 714 during that same period. There were 22,095 teachers new to their position this past year. In 1957–58 the number was 21,435.

The Constitution of the Association[1]

ARTICLE I. NAME

The name of this Association shall be the North Central Association of Colleges and Secondary Schools.

ARTICLE II. OBJECT

The object of the Association shall be the development and maintenance of high standards of excellence for universities, colleges, and secondary schools, the continued improvement of the educational program and the effectiveness of instruction on secondary and college levels through a scientific and professional approach to the solution of educational problems, the establishment of cooperative relationships between the secondary schools and colleges and universities within the territory of the Association, and the maintenance of effective working relationships with other educational organizations and accrediting agencies.

ARTICLE III. TERRITORY AND MEMBERSHIP

Section 1. The territory of the Association shall consist of the states of Arizona, Arkansas, Colorado, Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, New Mexico, North Dakota, Ohio, Oklahoma, South Dakota, West Virginia, Wisconsin, and Wyoming and/or such areas as may be hereafter included. Territory shall be excluded from or included within the jurisdiction of the Association only upon the recommendation of the Executive Committee and by the vote of the Association. The recommendation of the Executive Committee shall be based on substantial evidence indicating that the action recommended represents the desire of the universities, colleges, and secondary schools of the territory concerned.

Section 2. The membership of the Association shall consist of three classes: (1) universities, colleges, and secondary schools; (2) officers of the Association and members of the Commissions; and (3) honorary members. Only members of Class 1 are eligible to vote at official meetings of the Association.

It shall be understood that membership in the Association for universities, colleges, and secondary schools is purely voluntary. Although all decisions of the Association bearing on the policy and management of universities, colleges, and secondary schools are advisory in character, it shall be understood that the Association has the right to establish requirements for membership, to develop and establish criteria for the evaluation of universities, colleges, and secondary schools, and to establish and maintain all regulations and conditions for continued membership in the Association.

Section 3. Any university, college, or secondary school which has been approved by the Association shall be admitted to membership on the payment of the annual dues. Such membership shall cease if at any time the university, college, or secondary school resigns or is dropped from the approved list of the Association or if the annual dues are more than one year in arrears. Any lapse in membership shall date from July 1 next succeeding the Annual Meeting at which time action was taken to drop the member university, college, or secondary school in question.

Section 4. All individuals holding membership on commissions of the Association or serving as elected officers of the Association shall thereby become members of the Association.

Section 5. Honorary members shall be nominated by the Executive Committee and elected by the Association by a two-thirds vote of all members present and

[1] As amended at the 1958 Annual Meeting of the Association.

voting at any session of the Association held during the Annual Meeting. Such individuals are honorary members of the Association and not honorary members of any particular commission.

Section 6. Honorary members shall receive the NORTH CENTRAL ASSOCIATION QUARTERLY and shall have all the privileges of membership in the Association except voting.

Section 7. Honorary members, officers of the Association, and members of the commissions shall not be required to pay dues as hereinafter defined.

Section 8. Members of the Association, honorary members, individuals officially connected with a university, college, or secondary school which holds membership in the Association, and individuals who are officially connected with the state department of public instruction of a state which is included in the territory of the Association shall have the right to attend the meetings and to participate in the activities of the Association and of the various commissions. It shall be understood, however, that attendance at such meetings and participation therein shall be in accordance with the provisions of this constitution and also with the policies adopted by the various commissions and by the Executive Committee.

ARTICLE IV. OFFICERS, COMMISSIONS, AND COMMITTEES

Section 1. The officers of the Association shall be a president, a vice president, a secretary, and a treasurer. The president and vice president shall be elected at the Annual Meeting of the Association for a single term of one year or until their successors are elected. The secretary and the treasurer shall be appointed by the Executive Committee. Their terms of office shall be determined by the Executive Committee.

All officers of the Association and of the commissions shall be officially and actively connected with a university, college, or secondary school which holds membership in the Association or with the state department of education of a state in the territory of the Association as defined in Article III, Section 1.

Section 2. There shall be an Executive Committee, a Commission on Colleges and Universities, a Commission on Secondary Schools, and a Commission on Research and Service, and these shall be constituted as hereinafter defined.

The Executive Committee and the various commissions of the Association shall, within the limitations imposed by the constitution of the Association, have the right to determine their own procedures and to establish rules and regulations for governing such procedures.

Section 3. The Executive Committee. The Executive Committee of the North Central Association of Colleges and Secondary Schools shall consist of the president, the vice president, the president of the Association during the preceding year, the treasurer, the editor of THE QUARTERLY, the chairman and the secretary of each of the commissions provided for in Article IV, Section 2, and four additional members, one of whom shall be elcted each year for a term of four years. Qualifications for membership on the Executive Committee shall be the same as prescribed for officers of the Association in Article IV, Section 1.

The Executive Committee shall receive from the Commission on Colleges and Universities the list of colleges and universities recommended for membership in the Association, shall receive from the Commission on Secondary Schools the list of secondary schools recommended for membership in the Association, and shall submit them to the Association for final approval. It shall publish in the official organ of the Association, the NORTH CENTRAL ASSOCIATION QUARTERLY, the lists of universities, colleges, and secondary schools approved by the Association.

The Executive Committee shall have final authority to hear appeals from the decisions of the commissions, relative to the approval of universities, colleges and secondary schools and to determine the

action to be taken upon such appeals.

The Executive Committee shall be under no obligation to a member university, college, or secondary school to consider any appeal from the decision or action taken by a commission unless such appeal is filed with the Executive Committee within thirty days following the Annual Meeting. Before taking final action on an appeal, the Executive Committee shall request the officers of the commission concerned to make a recommendation and to submit therewith all facts pertinent to the case.

The Executive Committee shall submit to the Association for election those persons nominated by the respective commissions for membership therein in accordance with the provisions of the constitution.

The Executive Committee shall determine the time and place of the Annual Meeting of the Association, prepare the programs for the meetings of the Association, approve all programs for the meetings of the various commissions, provide for the publication of reports and proceedings, and transact any necessary business. The Executive Committee shall also fill all interim vacancies in the offices of the Association, and upon recommendation of the commissions concerned shall fill interim vacancies in the membership of the various commissions.

It shall be the duty and responsibility of the Executive Committee to coordinate and publicize the work of the various commissions in such ways as to further most effectively the object of the Association.

The Executive Committee shall have the power to authorize and approve all expenditures of funds and to require each commission to submit it to a budget. The proposed budget submitted by each commission to the Executive Committee for approval shall be a complete forecast embracing (1) the program of activities, (2) the estimated receipts together with their sources, and (3) the estimated expenditure necessary to carry out the work of the commission. It shall be the duty and responsibility of the Executive Committee to approve or disapprove in advance of any commitments the proposed program of activities of each commission.

At each Annual Meeting the Executive Committee shall submit to the Association a detailed report of income and expenditures. At the close of the fiscal year the Executive Committee shall require an official audit of all Association Accounts to be made by an auditor selected by the treasurer and approved by the Executive Committee. The audited report shall be published in the NORTH CENTRAL ASSOCIATION QUARTERLY.

All actions taken by the Executive Committee shall be subject to approval or revision by the Association with the exception of actions taken relative to those matters over which the Executive Committee has been given final authority.

Section 4. The Commission on Colleges and Universities.

The member colleges and universities of the Association shall be grouped according to geographic districts, the number and boundaries of the districts to be determined by the Commission. Also, the member colleges and universities shall be grouped by type of institution, the basis for the grouping to be determined by the Commission.

The Commission on Colleges and Universities shall consist of representatives of member colleges and universities elected by the Commission subject to the approval of the Association, and three representatives designated by the Commission on Secondary Schools from the membership of the Commission on Secondary Schools. Election of members of the Commission shall be in accordance with a formula adopted by the Commission which shall provide for representation by district and by type of institution. Election shall be for a period of four years, one-fourth of the members to be elected annually. Members shall not be eligible for reelection until one year has elapsed, except in the case of a member of the Executive

Board who shall continue on the Commission as an added member until the expiration of his term on the Board.

The officers of the Commission on Colleges and Universities shall be a chairman, a vice chairman, and a secretary. These officers shall be elected by the Commission in accordance with its own policies and regulations. The length of term for each officer shall be determined by the Commission.

There shall be an Executive Board whose membership shall consist of the chairman of the Commission, *ex officio* chairman of the Executive Board; vice-chairman of the Commission, *ex officio* vice-chairman; and seven members of the Commission to be elected by the Commission for overlapping terms of five years each. Upon the expiration of this term no member may succeed himself. If a person who is not a member of the Commission is elected to the Executive Board he shall automatically become a member of the Commission upon election to the Board.

The Commission shall prepare a statement of policy to guide member colleges and universities and also colleges and universities seeking approval by the Association, which statement of policy shall be submitted by the Executive Committee to the Association for approval or rejection; shall receive and consider applications and reports from colleges and universities within the territory seeking approval for membership in the Association; shall make such examinations and surveys of these colleges and universities as it deems necessary; shall make examinations or surveys of member colleges and universities as conditions may require; shall request periodic reports from member colleges and universities; shall prepare a list of colleges and universities recommended by the Commission for accrediting by the Association; shall submit this list to the Executive Committee for submission to the Association for final approval; shall submit to the Executive Committee for final approval by the Association the list of individuals elected to membership on the Commission; shall submit its proposed budget to the Executive Committee for approval; and shall make and publish studies of educational problems approved by the Executive Committee; and, most importantly, shall assist colleges and universities in the territory served by the Association in their efforts to strengthen their programs.

During the interval between the Annual Meetings of the Association, the Executive Board shall have the authority to carry on the necessary business of the Commission on Colleges and Universities.

Section 5. The Commission on Secondary Schools.

The Commission on Secondary Schools shall consist of the members of the Committee on Secondary Schools for each of the several states comprising the territory of the Association and eighteen other persons elected by the Commission subject to the approval of the Association for a period of three years, one-third of this number to be elected each year.

The State Committee on Secondary Schools shall consist of:

1. A member of the faculty of the state university whose assignment is in the field of secondary education, to be nominated by the president of the university;
2. the director of secondary education of the state department of public instruction or in case there is no such officer, a member of the staff of the commissioner of education or superintendent of public instruction, designated by him;
3. and, for states having fewer than 300 high schools accredited by the Association, three administrative heads of secondary schools accredited by the Association; and, for states having 300 or more high schools accredited by the Association, five administrative heads of secondary schools accredited by the Association.

In the event that the president of the state university should refuse or fail to

designate a member of the faculty to serve on the State Committee of Secondary Schools, and/or in the event that the superintendent of public instruction or commissioner of education should refuse or fail to designate a member of his staff to serve on the State Committee, the Executive Committee of the Association shall fill such vacancies by nominating for election by the Association persons recommended by the Commission on Secondary Schools.

The administrative heads of secondary schools to be included in the membership of a State Committee shall be selected for membership by majority vote of the administrators of the member schools of the North Central Association within the state. Their names shall be transmitted to the Secretary of the Commission on Secondary Schools by the chairman of the state committee. Upon approval of the Commission on Secondary Schools, the names shall be transmitted to the Executive Committee which shall place the names in nomination for election by the Association. The chairman of each State Committee shall be designated by the Commission on Secondary Schools in accordance with its adopted procedures subject to the approval of the Executive Committee. The term of membership of administrative heads of secondary schools on State Committees shall be three years. No such member shall serve more than two consecutive three-year terms.

No member of the Commission on Secondary Schools may serve for more than six years consecutively, excepting (1) the two members of each State Committee who represent the state university and the state department of public instruction respectively and who automatically shall remain members of the Commission until their retirement from the State Committee, and (2) members of the Administrative Committee of the Commission on Secondary Schools, who automatically shall remain members of the Commission until their retirement from the Administrative Committee.

The officers of the Commission on Secondary Schools shall be a chairman and a secretary. These officers shall be elected by the Commission in accordance with its own policies and regulations. The length of term of each officer shall be determined by the Commission.

There shall be an Administrative Committee of the Commission on Secondary Schools composed of the chairman of the Commission, *ex officio* chairman of the administrative Committee; the secretary, *ex officio* secretary: the preceding chairman; and four members elected by the Commission at the time of the Annual Meeting of the Association for a period of four years, one member to be elected each year.

The Commission shall prepare for the guidance of member schools and secondary schools seeking the approval of the Association a bulletin setting forth policies, regulations, conditions for accrediting, and criteria for the evaluation of secondary schools. Prior to the publication of this bulletin, it shall be submitted by the Executive Committee to the Association for approval or rejection. The Commission shall receive and consider applications and reports from secondary schools within the territory of the Association seeking approval for membership in the Association; shall make such examinations and evaluations of these schools as it deems necessary; shall make such examinations or evaluations of member schools as conditions may require; shall request periodic reports from member schools; shall prepare a list of secondary schools recommended by the Commission for accrediting by the Association; shall submit this list to the Executive Committee for submission to the Association for final approval; shall submit to the Executive Committee for final approval by the Association the lists of members elected by the Commission; shall submit its proposed budget to the Executive Committee for approval; and shall make and publish studies of educational problems approved by the Executive Committee.

The Commission on Secondary Schools may, with the approval of the Executive Committee, grant a secondary school the necessary freedom to carry on any educational experiment that the Commission has approved.

During the interval between the Annual Meetings of the Association, the Administrative Committee of the Commission on Secondary Schools shall have the authority to carry on the necessary business of the Commission on Secondary Schools. During this interval, the secretary of the Commission shall have the authority to interpret policies, regulations, and criteria. Any appeal from the interpretations and decisions of the secretary of the commission shall be made to the Executive Committee.

Section 6. The Commission on Research and Service.

The Commission on Research and Service shall consist of twenty-four persons; twelve from member colleges and universities and twelve from member secondary schools. There shall be elected by the Commission subject to the approval of the Association for a period of three years, four members of each group to be elected annually. No member of this Commission shall serve for more than two consecutive three-year terms.

The officers of the Commission on Research and Service shall be a chairman, a vice chairman, and a secretary. These officers shall be elected by the Commission in accordance with its own policies and regulations, but subject to the limitations imposed by the constitution. All officers of the Commission shall be selected from among those who are members of the Commission, and it shall be understood that the term of each officer shall not extend beyond the date of the expiration of his term as a member of the Commission.

There shall be a Steering Committee whose membership shall be determined by the Commission in accordance with its own policies and regulations.

The Commission on Research and Service shall initiate, plan, and carry forward studies in the fields of educational and institutional research and service pertaining to universities, colleges, and secondary schools, subject to the approval of the Executive Committee; shall, subject to the approval of the Executive Committee, engage in such research, study, and activity as either of the other commissions may request; shall engage in such research, study, and activity as the Executive Committee may request; shall report its findings to the appropriate commission or commissions and to the Association, as directed by the Executive Committee; shall submit its proposed budget to the Executive Committee for approval; shall submit to the Executive Committee for final approval by the Association the list of individuals elected to membership by the Commission; and shall furnish leadership in interpreting its research findings and in focusing attention on those problems which are in need of consideration.

During the interval between the Annual Meetings of the Association, the necessary work and business of the Commission on Research and Service shall be administered by a committee consisting of the officers of the Commission.

Section 7. Nominating Committee.

Prior to each Annual Meeting of the Association, the president shall appoint subject to the approval of the Executive Committee, a committee of five persons whose duty it shall be to nominate properly qualified persons for election to the offices of president and vice president, to membership on the Executive Committee, and to any office not elsewhere provided for by the constitution. The announcement of these nominations shall be made during the first session of the Association held during the Annual Meeting, but election shall take place during a later session. Independent nominations may be made upon the written petition of any ten persons who are members of the Association or official representatives of member institutions. The list of persons so nominated shall be filed with the secretary of the Association not later than twelve hours

prior to the opening of the session during which the election of officers is to take place.

Section 8. The Editorial Board.

The Editorial Board shall consist of the president, secretary, and treasurer of the Association, the secretaries of the commissions, and a managing editor selected by the Executive Committee.

ARTICLE V. MEETINGS

There shall be an Annual Meeting of the Association at such time and place as may be determined by the Executive Committee and approved by the Association. Meetings of the various commissions shall be held during the week of the Annual Meeting of the Association. Other meetings of the Association and/or other meetings of any commission may be held when such meetings are authorized by the Executive Committee and approved by the Association.

ARTICLE VI. FEES

An annual fee shall be paid by each member university, college, and secondary school. The amount of the fee shall be fixed by the Executive Committee, subject to the approval of the Association.

Member universities, colleges and secondary schools are entitled to have the services of the Association and to receive the NORTH CENTRAL ASSOCIATION QUARTERLY and/or such other publications as may be authorized for distribution.

ARTICLE VII. THE RIGHT TO VOTE

Section 1. Only members of a commission shall have the right to vote at official meetings of the commission of which they are members.

Section 2. All votes at official meetings of the Association shall be by member universities, colleges and secondary schools. Each member university, college, and secondary school shall have only one vote on any question before the Association, and this vote shall be cast by an officially designated representative.

ARTICLE VIII. QUORUM

Fifty voting members of the Association shall constitute a quorum for conducting business at any official meeting of the Association.

ARTICLE IX. AMENDMENT

This constitution may be amended by a three-fourths vote of the voting members at any official meeting of the Association, providing that a printed notice of any proposed amendments has been sent to each individual who is a member of the Association and to each member university, college, and secondary school at least two weeks prior to the date of said meeting.

ARTICLE X. PROCEDURE

Parliamentary procedure in all meetings of the Association and of the commissions shall be in accordance with *Robert's Rules of Order*.

Publications of the North Central Association
